## AT REST.

**Mrs. Flora Frazer, a Widely Known Lady, Died Last Sunday Forenoon.**

### FUNERAL SERVICES THIS MORNING.

A sad death, not wholly unexpected, occurred last Sunday forenoon, about ten o'clock, when Mrs. Flora Frazer, a highly respected lady, died at the home of her daughter, Mrs. W. B. Patteson, this place. Her demise was not unexpected, as she had been on the decline for several weeks, and those nearest and dearest to her, knew that the time for the final dissolution was approaching.

The deceased was born and reared in Greensburg, but at the time of her marriage to Mr. Thos. H. Frazer, of this place, she resided with her parents, Mr. and Mrs. J. M. S. McKorkle, Louisville. This marriage occurred in either 1863-4, and soon thereafter she came to Columbia to live, and it was here where her children were born and reared. Her father was prominent and for a number of years he was Grand Secretary of the Grand Masonic Lodge of Kentucky, and if we remember correctly, held that office at the time of his death.

The deceased was 77 years old, a member of the Presbyterian Church, and was active in all the affairs of the organization, doing all she could to advance the cause of Christ.

She was a lady of delicate taste, admired by all who knew her. She will ever be remembered as one who lived in this community, her examples and walks through life inspiring those who had the utmost confidence in her Christian piety, ever ready to do all she could for the unfortunate. Nearly all her children reached here in time to see the remains before carried to the tomb.

Her life and admonitions are a priceless heritage to her five sons and four daughters. May God comfort them in this sad hour, is the wish of the writer.

The funeral services were conducted by Dr. Merrill, of Campbellsville, this Tuesday morning, at 10 o'clock, and the interment was in the city cemetery. There were many flowers.

Sons and daughters, of the deceased, who live away from this locality, and who were here to attend the funeral are J. T. Frazer, Dallas, Texas, J. M. Frazer, Danville, Ky., Robt. G. Frazer, Windsor, Mo., Mrs. J. F. Cabell, Graham, Ky., Mrs. M. H. Sandlin, Minden, La., Mrs. J. B. McCain, Shreveport, La.

## Special Notice.

Subscribers whose names are on our subscription book and are behind in their payments, will miss the News from their mail. We are not making any distinctions, but are removing the names of those who are indebted to us as fast as we can. We would be pleased to re-enter their names, but we cannot do it until a settlement has been made. Blank paper is too high to send the News on time. Therefore, if you want to keep up with the affairs of Adair and adjoining counties, send in a remittance or call at the office and make settlement.

## New Business House Contemplated

It is said that Mr. F. H. Durham, who is in the wholesale and retail business in this town, is seriously contemplating erecting a large brick business house on the corner where the old Claud Hurt house stands. It will be a good location and we hope that Mr. Durham has his mind made up to build. The time has come when business houses will have to be erected off the square. This location will only be a short distance from the square, concrete pavements leading to it from all directions. We understand that Mr. Mr. Durham will occupy all the space on the first floors, and the second story will be arranged for a hall.

## Charged with Housebreaking.

John Riley Rainwaters, who is charged with breaking into a house, was arrested in the edge of Casey county, by Sheriff Geo. Coffey, last Wednesday morning. He was lodged in Columbia jail. We understand that he is wanted in several other counties.

He was given an examining trial, before Judge Jeffries, last Friday. He was held over.

Snow commenced falling early Wednesday morning. It will be a benefit to the growing wheat crop.

## Jamestown Court, Etc.

The first day of the Jamestown Circuit Court the horse jockies were in evidence and several animals changed hands. There were several mules sold, prices ruling low. The merchants and grocersmen did a good business during the day. Jamestown is improving, several new houses are being erected, but the greatest addition to the town is the new public school building which will soon be completed. It is large and the interior very conveniently arranged. Prof. John Jones, who is at the head of the school this year, his assistants being splendid instructors, has taught a splendid school, the patrons being well pleased with his work.

## Columbia Girls Lose.

The Campbellsville High School girls and the Columbia Graded School girls met in the High School gym, this place, last Friday night. A large crowd met to witness the contest. It started on time and it was terrific from start to finish. Miss Pauline Allen, of the Columbia team, got knocked down and for a few minutes it was thought that she was considerably hurt, but she soon got up and continued in the game. It closed with 15 score for the visitors and the home team nothing.

Miss Francis Workman, who is a teacher in the Campbellsville School, chaperoned the visiting girls.

## A Cure for Pneumonia.

Take six to ten onions, according to size, and chop fine, put in a large spider over a hot fire; then add about the same quantity of rye meal, and vinegar enough to form a thick paste. In the meanwhile stir it thoroughly, letting it simmer five or ten minutes. Then put it in a cotton bag large enough to cover the lungs, and apply to the chest as hot as the patient can bear. When this gets cool apply an other, and thus continue by repeating the poultices, and in a few hours the patient will be out of danger. This simple remedy has never failed to cure this too often fatal malady. Usually three or four applications will be sufficient, but continue always until the perspiration starts freely from the chest.

Dr. Flowers and wife, who were called to Hopkinsville, writes relatives and friends here that Mrs. Flowers parents are dangerously ill, and that much uneasiness is felt by all members of the family.

## To Appreciate it, See it Work.

We have no experience in farming, but we can tell good work, rapid and thorough work when we see it in progress. Much has been written and said in recent years about the advantage of the Fordson Tractor, and on last Tuesday afternoon we motored to the farm of E. A. McKinley, six miles out on the Russell Springs road, and was delighted to see one in action.

It was started in a ten acre field, the ground rolling, and it was astonishing to see how rapidly and completely it turned the earth. It is a labor saving machine, doing the work of four or five men and as many horses, and doing it much better. This machine has been introduced in Adair and adjoining counties by Buchanan Lyon Company, and many of them have been purchased. On this occasion the disc and turning plow was used, and it moved over the field without interruption.

This machine is good for the farmer who has surplus money, and it is better for the farmer who has not much ready cash, as its work will soon enable him to save money. Therefore, we conclude that no farmer can well do without one. Get in communication with Buchanan Lyon Company who will give you all the details, buy one and save the labor of horses and men, doing your work so much quicker and better.

## Editor News:

I am enclosing my check for \$2.00 for which you will please renew my subscription to the News for one year. The News is a welcome guest in our home each Friday morning. We all read every line. It brings to us the news from the county and people and surrounding counties, so dear to our hearts. So glad to note the advancement on all lines of progressiveness in the dear old town of Columbia. Joplin is sure a Booster city and is advancing on some lines. Some new industries being launched here is an omen that business is picking up some, but Joplin, being a mining town, can not come into its own until this financial crisis is over. The Lord only knows when that will be, I don't, I am sure. With best wishes for a prosperous year for the News.

I am,  
Very sincerely yours,

J. T. Goodman.

This (Tuesday) night Columbia Lodge No. 96, F. and A. M., will meet in a called communication for the purpose of conferring the third degree. All Masons in good standing are cordially invited.

Rev. G. C. Sandusky will preach at the Baptist Church, Sunday, Feb. 26th.

## Do You Remember?

Before the civil war when crowds would gather at Columbia and swarm around the old court-house? When the fighting was started early in the morning by town boys who would go into the second story and pitch bricks down into the crowd, someone getting hit on the head, starting the fight? The man hit had no idea who threw the brick, but he attacked the crowd, and often five or six would get knocked down and not know why it was done.

That before the civil war colored women would come to town, spread dinner on goods boxes around the court house, and would feed many men during the day?

That about the close of the war "Worm" Antle accidentally shot and killed a young man named Harvey, who was standing on the pavement where Furkin & Keen are now doing business?

When Columbia was patrolled and if a dandy was caught from his Master's home, without a pass, he was given thirty lashes upon his bare back? The old song, "Run negro run, the paterollers are after you."

When McFarland Canterbury had a large blacksmith shop on the corner of the lot that is now C. G. Jeffries back yard?

When Chesley J. Taylor carried on a general store in a frame building that stood where the Paul Drug Company's building now stands?

When W. S. Turpin sold liquor in a little frame building where Rasner is now located?

Judge P. C. Hardin's high cut collar and white necktie?

When all the mail that came and went from Columbia was conveyed by horseback?

What occurred the night Jo Rutledge's circus was showing on the hill, a short distance from where W. I. Ingram now lives? A negro man charged with entering a lady's room who lived in the country, was taken from the jail and hung to a limb of a black oak tree, on Greensburg road, three quarters of a mile from town?

The excitement that was created the 29th of April, 1872, when the Bank of Columbia was robbed and its cashier, R. A. C. Martin, killed?

When Champ Ferguson would enter Columbia, with his squad of men break into and rob the stores, and every man they would meet on the square?

When Gen. S. G. Suddarth was pro vost Marshal and every citizen who left town and every one who entered, had to have a pass?

The Sunday that a young man named Wade, who was a mail carrier, went fishing Russell's creek being flush? He took a seat on a sycamore tree below the bridge, fell off and was drowned. It required some time to find his body.

When young Heaton, who was here from Indiana, went bathing in what is known as the "Long Hole"? He could not swim, got into deep water and was drowned.

When Marion Harmon came to Columbia and entered C. C. College, buckled himself down to study, preparing to become a minister in the Christian Church? How he succeeded, and to-day is a leading minister in that Church, and at this time is pastor of the First Christian Church, Aberdeen, Miss?

When Miss Sallie Stewart, one of the most thorough teachers who ever taught in Columbia, conducted a subscription school in the brick building that stood on the corner, next to the Baptist church? She had a number of pupils, some of whom we remember: Ella Kennedy, Jennie Cravens, Zarilda Murrell, Ada Atkins, Balle Atkins, Ermine Young, Annie Smith, Lora Triplett, Callie Hardin, Lou Courts, Bettie Hardin, Luther Murrell, J. F. Triplett, J. B. Montgomery, Thos. Cravens, Isaac Cravens, John Hardin, Irvine Turpin, J. E. Murrell. Of this

number only six are known to be living: Annie Smith, Lou Courts, a married lady, Luther Murrell, Bettie Hardin Hatcher, Jennie Cravens Rhorer, J. E. Murrell. The teacher is also living.

If you will take a drive of five or six miles on either road leading from Columbia, it will be observed that some farmers are putting up new residences or repairing the old ones. An inviting home on a farm makes the location much more desirable, as many people who are looking for a farm are interested in a good comfortable dwelling in which to live.
